and 2AI: Applied Artificial Intelligence Research Lab - University of South Dakota, USA

Outstanding Ph.D. Dissertation Award

Eligibility

A nominated dissertation must have been successfully defended or awarded between 1st Jan 2021 to 31st Dec 2023. The language of the dissertation must be English either written or translated. The dissertation must contribute to the focus areas of the conference or special track as described.

A nomination must Include:

The doctoral candidate is required to submit a one-page nomination letter signed by his/her Supervisor/Department or Institute Head. The candidate is supposed to highlight the major contributions of the dissertation justifying the worth of the dissertation for the award.

Checklist for Submission

- The supervisor and the student details including their current affiliations and email addresses.
- The nomination must be supported by a document issued from the awarding supervisor/department/institution/organization verifying the date of a Ph.D. viva-voce/defence/award.
- A one-page letter highlighting the dissertation contributions (preferably in points).
- Publications (published and under review) that share the contents of the dissertation with details included and excluded in/from the dissertation.
- The details of awards the dissertation and/or publications have received.
- Electronic copy (pdf) of
  - The dissertation
  - Abstract

Award Committee and Review Procedure

The organizers will constitute a committee of three members including the conference chair(s), conference track chair(s), and a distinguished scientist. The selection of the best Ph.D. dissertation award will be based on a two-stage review process. In the first phase, the Ph.D. dissertations would be selected based on the nominations and publications. The shortlisted dissertations would be recommended to the committee and the members/reviewers will review the dissertations on various aspects including novelty, the impact of the research, publications quality, etc. as mentioned below:

Criteria for Evaluation

The quality of presentation and writing, as well as the thoroughness with which related work is described and the understandability of algorithms and proofs, will be examined in relation to the technical depth and significance of the research contributions in the area of interest.

Award

- The winning candidate will receive a certificate and a plaque.
- *The committee has all the rights to divide or decline to give any award.*
- *The committee has the right to announce outstanding dissertation mentions to up to two dissertations that could not win the best Ph.D. dissertation award.*

Nomination Submission

The nominations should be submitted to jitendrakumar@ieee.org and rtip2r.2024@gmail.com with the subject line *RTIP2R2024: Ph.D. Dissertation Award Application.*
The submission deadline is **July 31, 2024** (all time zones). *No Extension will be provided in any circumstances.*
