

# 8<sup>th</sup> International Conference on Recent Trends in Image Processing and Pattern Recognition

December 11-13, 2025, National School of Applied Sciences, Marrakech, Morocco

URL: <https://www.rtip2r-conference.org/2025/>

## Call for papers

RTIP2R 2025 invites contributions describing original, state-of-the-art, unpublished research that is not currently under review by any other conference or journal, addressing the latest advancements and current trends. Topics of interest for submission include, but are not limited to: Image processing, computer vision & pattern recognition, machine learning, data science/analytics, and applications: cyber analytics, healthcare (medical imaging informatics), agriculture, business, energy, and education.

**Publication:** Communications in Computer and Information Science (CCIS), Springer Nature (Scopus indexed).

**Paper submission:** <https://cmt3.research.microsoft.com/RTIP2R2025>

## Important dates

**Full paper:** May 27 (first round); June 27 (second round)

**Acceptance notification:** June 21 (first round); July 21 (second round)

**Registration:** August 09 (first round); September 09 (second round)

**Camera ready:** August 23 (first round); September 23 (second round)

**Conference chairs:** Anas Abou El Kalam, Morocco (Local General Chair); Ravindra Hegadi, India (Technical Program Chair); KC Santosh, USA (Founding Chair)

## \_\_\_\_Collaborators:

Research Laboratory in Sustainable and Intelligent Technologies (LaRTID) - Marrakech (Morocco)  
AI Research Lab - University of South Dakota (USA)
